Before David Michelinie begins his legendary run on *The Amazing Spider-Man* in the 80s & 90s, he was writing Iron Man stories in the late 70s & the early 80s. *Demon in the Bottle* was one of his best Iron Man stories that pits Iron Man against his drinking problems. It opens with #120-121 where Iron Man tangles with the Sub-Mariner until his armor starts to malfunction. Then in #122, the origin of Iron Man was retold. Then in #123-124, Tony Stark took his girlfriend & bodyguard Bethany Cabe to Atlantic City in the casino where they tangle with the Melter, Blizzard & Whiplash. In #125, Iron Man was framed for murder and Tony Stark is taking lessons from fellow Avenger Captain America. Oh yeah, and Ant-Man makes a guest appearance as well. In #126, Tony Stark was held captive by his archrival Justin Hammer & his supervillains. In #127, Iron Man plays one-man army as he single-handedly takes down Justin Hammer's supervillains. But all these events took a terrible toll on Stark as he starts drinking even more and he snapped at his faithful butler Jarvis which led to him to resign as Tony Stark's butler. In #128, Stark's drinking problem causes him to lose control of the Iron Man armor. Although he was confronted by Bethany and she told him about how she lost her husband to drugs. The story concludes when a sober Tony Stark decides to win back Stark International from S.H.I.E.L.D. *Demon in the Bottle* is the best Iron Man story ever and Tony Stark's drinking problems will come back to haunt him in the later storyline *Alcohol Relapse* where Stark was reduced to a homeless alcoholic.
